8. EDUCATIONAL BACKGROUND:

1. Feb 2004-Present : Professor Of Urology And Kidney Transplantation , Mashad University of Medical Sciences , IRAN
2. May 1997-Feb 2004 : Associate Professor of Urology and Kidney Transplantation , Mashad University of Medical Sciences , IRAN
3. May 1990 – May 1997 : Assistant Professor of Urology Renal Transplantation , Mashad University of Medical Sciences , IRAN
4. August 1989- June 1989 : Fellowship In Kidney Transplantation Labafiinejad Hospital, Shahid Beheshti University of Medical Sciences , IRAN
5. April 1984- July 1989 : Residency Labor Finejad Hospital Training In Urology , Shahid Beheshti University of Medical Sciences , Tehran , IRAN
6. Dec 1981 – May 1984 : Medical Practitioner Salamat Health Center , Bandar Abbas And Isfahan Province (Ardestan)
7. 1980 – 1981 : Intership Clinical Experience , Tehran University " Teaching Hospital " , Tehran Iran
8. 1974 – 1980 : Successful ending of Curriculum of Basic Sciences and Clinical Medicine Tehran University , Tehran , IRAN

9. Research interests:

Urology - Kidney transplantation , Reconstructive surgery in urology , Uro-oncology
bladder , Pediatric Urology

Researches

1. The role of TURP in detecting prostatic cancer in patients with previous negative biopsy and elevated levels of PSA and positive lower urinary tract symptoms, 1386/12/21-1389/12/21, Code:86685
2. Effect of renal transplantation on PSA level ,1388/8/30-1389/12/15,Code 88087
3. Evaluation the orientated of medical student of Mashhad university in relation to organ donation1387/2/11-1389/3/22, Code 86477
4. Evaluation the result using tunica Albugina from cure of corpus cavernous for correction of curvature in peyronic disease
5. Evaluation of prostate cancer in patients whom undergone open supra pubic prostatic on TUR due to BPH since 2001-2008 in Imam RezaHospital,1388/7/2-1387/7/23,Code 87349
6. Mahdavi R., Taghavi R. : "Comparison of Urologic ,Vascular and Lymphatic complications in Recipients of Living and Cadaveric Donor Renal Transplantations of Imam Reza Hospital in 10 years." Accept by Vice President for Research of Mashhad University of Medical Sciences, No : 89582 – 2011 (No letter: 511/2407 – 90/07/24)
7. Mahdavi.R, Keshvari.M, Taghavi .R : " Evaluation of Graft and Patient Survival and Graft Function and Complications of Renal Transplantation in 3 groups of recipients Related and non Related and Cadaveric Current Research",1381/11/12, Code82091
8. Mahdavi R, Sheikhi Zh: " Effect of botulinum toxin type A injection bladder in refractory idiopathic over active bladder " Code87384
9. Comparison the function of physical complications in 3 groups of kidney recipients (unrelated- related ,donors) , code :82091 , in process
10. Assessment of the efficacy of Transdermal mixture of verapamil and dexamethasone and distribution omotine byelecter in treatment of petnonic disease , 2003 ,code ,83089
11. Assessment of the efficacy of using fenstride on volume of bleeding during transurethral resection of prostate ,2003
12. Attending in research project "assessment and prevalence of tuberculosis in renal transplantated patients “ (in Iran), National research
13. Attending in research project causes of congenital blindness in a village in spharien” , Spheraiet
14. Clinical results of endometer ablation with resectoscop in patients with AUB , 2002-2003
15. Assessment of anti microbial resistance in Gr negative bacteries from urine culture of patients refered to Imam Reza hospital in autumn and winter of 2004, Code :83192
16. Assessment of diagnostic value and changes of PSA in men with superficial bladder cancer who had treated with intravesical B.C.G in Omid hospital in 2000 – 2002
